Mr. Mike Clark  
Quiel Brothers Electric Sign Company  
272 S. "I" Street  
Victorville, CA 92392

Dear Mike:

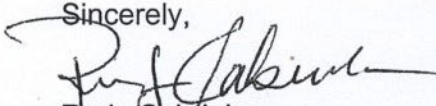

Thank you for your diligence in ensuring that the Old Town arch was completed in time for the ceremony on November 10. You are well aware that we asked you and your firm to construct this beautiful monument in record time, and Quiel came through.

You may be aware that the Old Town community is very excited about this addition and have whole-heartedly embraced it as a symbol of great things to come. On a personal note, I must tell you, I was quite moved when I saw the arch lit for the first time. I actually pulled over and parked in a parking lot to just view its beauty.

Following our meeting the other day, I was even more pleased with Quiel Brothers' cooperation in making the recent renovations for a two-sided arch. Also, I greatly appreciate your prompt attention to the lighting problem we encountered as a result of a truck accident.

Again, thank you Mike for taking a personal interest in this project. Your passion for your work shows in the superior products you produce.

Sincerely,

  
Rudy Cabriales  
Mayor Pro Tem
