Quiel Bros Sign Co. Inc.
272 S "I" Street
San Bernardino, CA 92410

Dear Larry:

Allow me to take this opportunity to thank you and your staff for doing such a great job with our recent merger and sign conversion.

Our project entailed designing and changing out all signage, internal and external, for over 19 locations scattered all over Southern California. Your company was able to do this in a very short timeline and involved dealing with some very complicated landlord and city permit issues.

I would recommend Quiel Brothers Signs to any business who wants to invest their dollars in signage to promote their corporate image, instead of simply providing information. I wouldn't work with anyone else.

Sincerely,

Robert Noble
Executive Vice President
